**Anytime a specific brand is mentioned, it is due to that brand's ability to last for a longer period of time.

Ticonderoga pencils sharpen better and last longer. Crayola products are sturdier, color more smoothly, and last longer. Elmer's products adhere better. Expo products tend to be "odor friendly".

Meade composition books allow students in Kindergarten and first grade to have the space needed for writing and illustrating. Fiskar scissors are a better fit for the developmental skills of younger children.

Thank you for all you do to support your child's education!
